

Evolving Your Space

**With Creative Commercial
Storage and Interior
Design Solutions**

**SI SPACESAVER
INTERIORS**

Serving Design and
Storage Needs Since 1973

SPACESAVER INTERIORS — Evolving space with functional and creative commercial storage and interior design solutions.

Spacesaver Interiors is a woman-owned small business with offices in Kensington, Maryland. Since 1973, we have earned a reputation as the leading provider of innovative storage and interior solutions for both our public and private-sector clients. Our steady growth is the result of our dedication to listening carefully to the needs of each of our clients, and our relentless drive to exceed each and every client expectation.

Our space efficiency consultants are experts at problem solving and provide much more than just a price estimate. Every member of our team becomes your partner through each step of the process, from our in-house CAD designers and factory certified installation division, to our expert service team. For more information about our products or services please browse our website at spacesaverinteriors.com or email us at hello@spacesaverinteriors.com.

WBENC-Certified Women's Business Enterprise

Spacesaver Interiors is certified as a Women's Business Enterprise by the Women's Business Enterprise National Council (WBENC), the nation's largest third-party certifier of the businesses owned and operated by women in the U.S.

Spacesaver Interiors — your expert in evolving spaces

We've been immersed in all things space, storage, and furniture for close to 50 years. Throughout our time in the business, we've held true to the adage we've already mentioned — "design isn't what it looks like and feels like — design is how it works."

We believe the useability and aesthetics go hand-in-hand — and when you partner with us for your next project, you get:

A holistic approach to evolving and designing spaces

Because we deal equally with furniture, storage solutions, and casework, we approach your space from all angles, not just one.

Expert installation, project management, and support

It's one thing to create the right solution — it's another to bring it to life. Our blend of agility and transparency ensure every project we touch is a success.

A unique blend of creativity and customization

There's no cookie-cutter space, and with us, that means we won't offer you cookie-cutter solutions. We get to know your needs — present and future — and design spaces that are right for you, not just the status-quo.
