

Modern Design for Creative Cultures

Made (Well) in the USA

Commercial-grade quality

Wide range of colors and personalization options

Meets highest health and environmental standards

Our name says it all. Heartwork was founded on the principles that everyone should do what they love, that great design can inspire and celebrate those pursuits, and that a workspace aligned with your needs can enable both pleasure and productivity.

With a commitment to producing quality, commercial-grade products domestically, Heartwork designs and delivers modern furniture and accessories that reflect your unique values and help shape creative cultures.

Sawhorse 60"W 4-Pod with Charcoal legs, White top and Yellow cable management; Active Duty Storage Cabinets in White and Charcoal, Active Duty Tall Credenza in Charcoal and Active Duty 3H Lateral File in Yellow / Heartwork, New York

Keeping Waste Stowed, Sorted and Out of Sight

Adapted from Heartwork's popular Media Credenzas, our Active Duty Recycling Credenzas are a flexible waste management solution for modern workspaces.

Neither fixed, bulky millwork nor unsightly industrial bins, our credenzas are designed to accommodate trash disposal and multi-stream recycling across any scenario: from coworking to conferences to all-hands team lunches. Casters ensure mobility, making event setup and end-of-day disposal both easy and convenient.

Active Duty Recycling Credenzas are finished on all sides, available with legs or casters, and come in 2, 3, or 4-bin configurations. Interior bins (standard 23-gallon) are available as well.

Encourage proper recycling procedures with our vinyl labeling program. Choose from our standard options: lettering, symbols or both.

Our recycling credenzas are:

- **Flexible** with casters for mobility
- **Compliant** with major recycling programs
- **Clear** labeling options available
- **Easy** to install

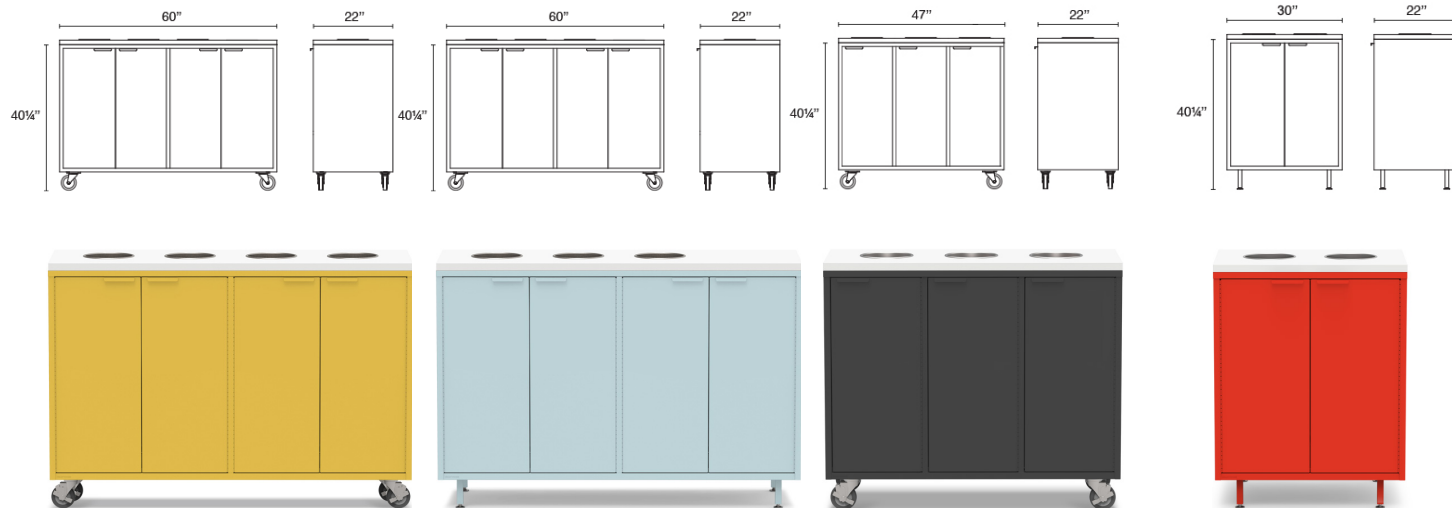

Active Duty 60W 3-Bin Recycling Credenza with casters in White and Birch Ply top

Basic Installation Guide

Here is a general overview of the installation process for an Active Duty Recycling Credenza. A complete installation guide will be provided with your order.

Each order also includes any necessary hardware.

1. Lay units carefully on side.
2. Attach legs or casters using hardware provided.
3. Carefully stand unit upright.
4. Attach top with pre-drilled inserts and hardware provided.
5. Insert steel grommets.
6. Insert bins.
7. Clean with damp cloth.
