

PRODUCT OVERVIEW

One of our most popular cabinets, the compact Model 205 offers exceptional quality and versatility and can be used to store a wide variety of collections. The Model 205 gives you 15.5 cubic feet of storage and features a unique counter-high design that can be stacked safely to help make the most of your floor space — or, if not stacked, provides a convenient extra work surface.

Shown with optional 1-1/2" Easy-glide drawers.

The Spacesaver Corporation has expanded its museum storage offerings with the acquisition of Viking Metal Cabinets. This union has simplified and improved the client experience by making Spacesaver a one-stop-shop for the design, installation, and maintenance of metal museum cabinets, shelving, and compact storage systems. The companies have previously worked together at prestigious institutions such as the Smithsonian Institution, Yale University, and the Field Museum of Natural History.
