

PRODUCT OVERVIEW

The popular, full-height Viking Model 241 cabinet provides 19.3 cubic feet of storage space and includes 26 storage compartments separated and strengthened by a beaded center divider.

Ideal as a herbarium, the Model 241 offers exceptional construction and a carefully crafted, unique design that provides extra space in front and back of the compartments to allow free circulation of air and fumigants. You'll also enjoy the valuable extra working space provided by the convenient pullout workshelf on the Model 241.

The Spacesaver Corporation has expanded its museum storage offerings with the acquisition of Viking Metal Cabinets. This union has simplified and improved the client experience by making Spacesaver a one-stop-shop for the design, installation, and maintenance of metal museum cabinets, shelving, and compact storage systems. The companies have previously worked together at prestigious institutions such as the Smithsonian Institution, Yale University, and the Field Museum of Natural History.
