

PRODUCT OVERVIEW

The single-door Viking Model 520 cabinet features a convenient counter-high design and can be configured to accommodate virtually any size entomology drawer.

The exclusive Viking Elastomeric Seal™ provides airtight, dustproof protection to safely preserve your entomology collections, and the cabinet's unique design provides extra space in front and back of the drawers to allow free circulation of air and fumigants.

Shown with optional lock for recessed handle.

The Spacesaver Corporation has expanded its museum storage offerings with the acquisition of Viking Metal Cabinets. This union has simplified and improved the client experience by making Spacesaver a one-stop-shop for the design, installation, and maintenance of metal museum cabinets, shelving, and compact storage systems. The companies have previously worked together at prestigious institutions such as the Smithsonian Institution, Yale University, and the Field Museum of Natural History.
